Why this form?

Every business has a certain legal form, for example a sole proprietorship, a public partnership or a limited liability company (N.V.). This form is for listing a sole proprietorship with the Commercial Register.

A sole proprietorship has only a single owner, although sometimes several people may work in the company. However, a sole proprietorship can have several branches, or operate under several trade names

Problems?

Contact the Commercial Register in case you have problems or questions, for instance
 - problems in completing this form, or
 - in case you wish to register branches or representatives and no forms to do so were received.

In case you make a mistake while completing the form, simply strike through the wrong answer and write the correct one. Be sure to also add your signature to any changes!

Why the Commercial Register?

Registration of companies and legal entities is mandatory under the Trade Register Ordinance. The information that you provide on this form will be entered into the Commercial Register. The Register is public: other people will be able to retrieve your information and you may also retrieve information on other registrations, e.g. your potential trade partners. In this way the Commercial Register contributes to security in conducting business.
